

Mopping Made EASY!

Designed for everyday floor mopping

Single-use microfiber mops can reduce cross contamination risk

One time use microfibers deliver excellent cleaning performance every time

Great for cleaning rubberized gym flooring, luxury vinyl tile and other textured flooring

Rapidly removes soils, including sweat and oil stains

4100 rpm action cleans luxury vinyl tile, rubber gym floors, and other textured floors

Easy to operate – the unit glides over flooring, even high friction surfaces like rubber gym floors

Easily clean around furniture and equipment, edges, corners, thresholds, etc

Gets into tight spaces that are impossible for big floor scrubbers

Easily stored and quickly deployed

Weighs only 12 lbs.; battery or corded, easy for anyone to use
