Square Scrub Pivot machines include a pivoting head for balanced contact & easier control. The pivoting head design allows the head to have near perfect front to back and side to side weight distribution. Near perfect weight distribution allows the entire pad to make equal contact with the floor, allowing equal distribution of the work across the entire pad.

Specifications

- Pivoting Head Adjusts to Uneven Floors
- Perfect Weight Distribution = Longer Pad Life
- 3450 rpm - 1.5 HP Motor
- Vibration Reducing Handle
- Includes Dust Containment Kit
- Removable Weights
- 50 ft Power Cord
- Stone Care Capable
- Comes in 20" & 28" models
